## Dodavanje nove VPN konekcije (Windows 10)

Kliknite ikonu za pristup internetu, koja se nalazi pokraj sata, desno dolje:

Ako koristite žičnu vezu, ikona će izgledati ovako:

Pojavit će se izbornik, izaberite Network settings.

<i>(</i>	onnected			
(7.				
(7.				
((;, 🗖				
((;, 🗖				
Network settings				
li.	بریان Airplane mode	10100		

U prozoru "Network & internet" izaberite VPN > Add a VPN connection.

## Unesite postavke

VPN provider: Windows (built-in) ili "Microsoft" Connection name: npr. IRB VPN Server name or address: vpn1.irb.hr
VPN type: Point to Point Tunneling Protocol (PPTP) Type of sign-in info: User name and password User name: irb username Password: irb password (kao za e-mail)

Stavite kvačicu na "Remember my sign-in info".
